The Historic Mansion of Micanopy

The original 2-story Mid-Victorian house was built c. 1875 with a detached kitchen and walk-way. In 1915, this original structure was encased within a brick Classic Revival imitation of a Southern Colonial design. Four 2-story carved wood Roman Carinthian columns draw special attention to the wide verandah in front. The interior of the Mansion displays many attractions of note: leaded glass windows, ten fireplaces, mahogany inlaid oak floors, maple inlaid floors, twelve foot ceilings, walnut paneling, "tiger oak" paneling and floor-to-ceiling windows in the dining room. The Herlong Mansion is set back from the street and is surrounded by a lovely garden with statuesque old oak and pecan trees.
